PROFILE

Dedicated and results-driven computer science student, with extensive skills, and a strong work ethic. Strong communicator and collaborator with a passion for delving impactful results in fast-paced environments.

EXPERIENCE

Security Officer, The Harem Cabaret, Lodi, NJ — 2022-Present

As a Security Officer my primary functions were the following:

- Check all Picture ID's for any customers entering the establishment.

- Provide wristbands to all customers while also accepting payments and distributing change.

- Ensure the bar and tables were clear and clean for incoming VIP Members.

- Removal of all disgruntled customers, to maintain a calm and secure environment.

- Escorting all staff to their vehicles at the end of night, while also completing lock-up tasks.

Driver, Jack Daniels Porsche, Upper Saddle River, NJ — 2021-2021

As a Driver, I was tasked with the following:

- Picking up and delivering both customer vehicles and loaners to appropriate locations.

- Taking photos and noting damages prior to picking up vehicles.

- Ensuring all loaner vehicles have gas and are ready to be loaned to customers.

- Ensuring customers sign proper documentation upon pickup and delivery of their vehicles.

iOS Developer, Self-Employed, North Haledon, NJ — 2018-Present

As a Developer, I have placed and and familiarized myself with the following techniques:

- Building iOS native applications in Xcode, using the Swift programming language.

- Integration of frameworks such as Core Data, Core Location, and Core Animation.

- Designing immersive user interfaces with the use of both Storyboards and SwiftUI.

- Testing and Deployment of Applications on the iOS app Store

- The incorporation of third-party API's such as Firebase Cloud Storage.

Bartender, TGI Friday's, Wayne, NJ — 2020-2021

As a Bartender I was responsible for the following:

- Stocking the bar with alcohol, mixers, and fresh fruit for cocktails.

- Ensuring that all guests ordering alcohol have a valid picture ID.

- Being well informed in all menu items, to be able to make helpful food and beverage recommendations.

- Quickly and effectively ringing up orders using the POS system.

- Adhering to alcohol service standards, meaning, slowing down, or cutting off intoxicated customers.

Unloader, Lowe's Home Improvement, Paramus, NJ — 2017-2020

As an Unloader, my responsibilities included, but were not limited to:

- Unloading shipped merchandise from trucks.

- Packing out all said merchandise onto the sales floor.

- Maintaining a clear workspace in the receiving department.

- Operating powered equipment such as forklifts, order pickers, and narrow aisle reaches.

- Training new employees in the unload department.

EDUCATION

Ramapo College of New Jersey, Mahwah, NJ — B.S. / 2025 (Expected)
